Status of 2 Laboratory men of the office of the Mycologist and Entomologist

From

The Mycologist and Entomologist

No. 400 Dated 27. 2. 09 Received 2. 3. 09

Diary No. 5300 | Enclos. — Spare Copies | Serial No. 1.

BRIEF ABSTRACT OF LETTER.

Recommends that the two Senior Laboratory men each drawing Rs 20 per mensem may be regarded as belonging to Superior Service as the nature of their work requires education and intelligence

NOTES AND ORDERS.

It is further recommended that the Laboratory men in question may be given the same rank as that of 'Compounders' in the Medical Department

A Copy of the Notes—First sheet.

In their order no R1266-8/Agri 8-09-2 & 24. 8. 08

Order is put up as the connected file is useful for reference with Agri 52-08 which was today submitted herewith

Flg.

Serial No.

Govt Sanctioned the Scale of establishment for the office of the Mycologist and Entomologist. There is nothing in the order before on the question whether the Laboratory men belongs to the Superior or Inferior Service.

Under Articles 274 & 275 of the Mysore Service Regulation, persons drawing Rs 60 and upwards belong to Superior Service except where they are graded as Inferior by the rule or practice of Govt or the Service is of a particular nature as enumerated under art 274.

The Laboratory men in question draw 20 Rs per mensem and are said to do such work as requires some amount of education & intelligence. It is a question whether any orders are necessary recognising these as men of Superior Service, or it may also be Considered in the matter.

Submitted for orders

Sd/- I suppose that in the absence 4/3/09 of any order the men will 4/3/09 be treated as of Superior service. I do not see that any time will be for them in declaring their rank to be the same as that

5/3/09

To avoid doubt, a separate order declaring the Service of these two Senior laboratory men as "superior" seems necessary. The nature of their work as explained by Dr L. C. Coleman and also the provisions of art: 275 M. S. R permit such treatment.

It seems that the similarity of compounders has been brought in, as a reason to treat the service of the laboratory men also as superior

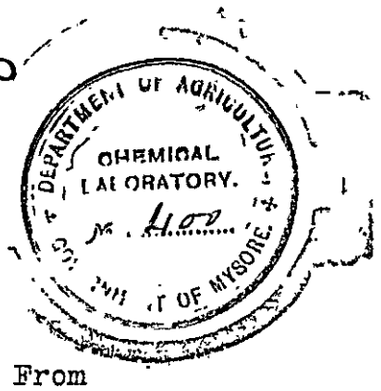
I & B



Agri 177-08-1

Office of the Mycologist & Entomologist,
Government of Mysore,
Bangalore, February 27th 1909.

5300
Rev

From

Leslie C. Coleman, Esq., M.A., Ph.D.,
Mycologist & Entomologist to the Government of
His Highness the Maharaja of Mysore, Bangalore;

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Genl. & Rev. Departments, Bangalore.

Dear Sir,

I have the honor to request you to bring the following to the notice of the Government. The two senior laboratory men in my office are drawing a pay of Rs. 20/- per mensem. They are being trained to take charge of a great deal of work which requires a decided degree of education and intelligence. For instance one of them is required to make up culture media for the growth of fungi and bacteria. This necessitates some knowledge of chemicals and ability to weigh and measure fairly accurately. The other man is being trained to look after the insectary as well as to keep the insect collection in order. From this it will be seen that their work is not of a menial nature such work being done by the man on Rs. 10/- per mensem. In the light of these facts I wish to request Government to rule that these men shall be considered as belonging to the "superior service" as defined in the Civil Service Regulation, their grade being similar to that of " Compounders " in the medical department.

I have the honor to be,
Dear Sir,
Your most obedient servant,
Leslie C. Coleman

Mycologist & Entomologist.
